data sheet components

xilence hd cooler cl model-no: xphd.cl.b

product description

passive hard disk cooler, aluminum, with fins for best cooling results. the cooling fins enlarge the heat dissipation area, and as a result the cooling capacity improves. vibration absorbers lower the noise level of your hard disk and enlarge its lifetime. this hard disk cooler is designed for installation into a 5.25" drive bay. application: all 3.5" hard disks with a maximum height of 1".

technical data

heat sink material:	aluminum
heatsink dimensions:	143 x 100 x 31 mm
weight:	700 g
installation:	5.25" drive bay
noise level:	0 dB/A (passive)
application:	all 3.5" hdd with a maximum height of 1"
